AMOR A LA MICHOACANA

- LOVE MICHOACAN STYLE -

WELCOME

Romance Tourism is very significant for Mexican destinations, because of the positive impact it has on the local economy, integrating the entire network of resources that makes this industry possible. Currently, Romance Tourism is an efficient industry to accelerate the economical growth of many communities in our country, help modernize the infrastructure, boost the economy, promote our cultural resources, balance the social equality and support sustainability.

This segment covers not only destination weddings, but also proposals, bachelor and bachelorette parties, honeymoons, wedding anniversaries, vows renewals, last trip before the baby's birth (Babymoon), second nuptials, travel with the family (Family-Moon) and a new niche that is growing exponentially with the current epidemiological and economic conditions, which are elopement weddings.

In Mexico, year after year the network of resources throughout our destinations are specializing in this segment, holding a significant number of destination weddings annually. While the favorite setting for couples has been our beautiful beaches, the new generations are being attracted to colonial and adventure destinations.

Therefore, the Mexican Tourism Board - SECTUR, through the General Directorate of Innovation for Tourism, is promoting Romance Tourism, focusing not only on destination weddings, but also seeking the integration of other tourism products and experiences in and around that special moment, allowing the incorporation of the local population, which contributes to raising their quality of life.

This catalog is the result of a coordinated effort between the Destination Wedding Specialist Association - DWSA, the Michoacan State Secretary of Tourism and the Mexican Tourism Board. Together we carried out virtual workshops to create innovative tourism services aimed to the Romance Tourism, with an individual value that gives them a distinctive character and, at the same time, a unique identity.

In this way, local vendors and communities represented by artisans, traditional cooks, agribusinesses and cooperatives have been incorporated, thus seeking social development with a gender and inclusion perspective.

It is important to mention that this work responds to the new tourist policy that seeks to encourage the benefits of this activity to showcase the localities, and reach more sectors of the population, seeking a balanced development of the country's regions.

We hope that this document is not only useful but interesting, and that it contributes to your experience of living and enjoying Mexico.

MICHOACAN

The state of Michoacan is a mix of inspiration and sensitivity, of art, traditional towns, culture and natural beauty. Its name comes from Michamacuan which means “place of fishermen”.

To talk about the art and culture of Michoacan, it is also necessary to mention Morelia, its capital. This city is an example of the renaissance ideas that influenced the planning of “Nueva España” - New Spain cities. It is a carefully preserved city, characterized by splendid buildings made with cantera - pink granite - baroque structures dating from the 16th century.

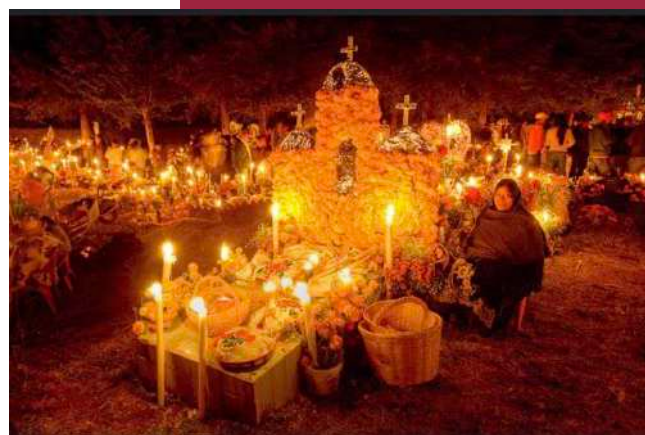

Michoacan has six World Heritage sites

CENTRO HISTORICO

It has 15 squares and 1,113 monuments. Its historical buildings were built with pink stone characteristic of the region, which is why Morelia is known as "City of the Pink Granite."

NIGHT OF THE DEAD TRADITION

Year after year different regions of Mexico celebrate the temporary return of their deceased relatives, in what is known as the Day of the Dead. Michoacan is famous for its traditional celebrations on this day, mainly the regions of Patzcuaro, Tzintzuntzan and Janitzio, with their monumental offerings and magnificent tomb ornaments.

MICHOACAN

MONARCH BUTTERFLY BIOSPHERE RESERVE

With an area of 56,259 hectares of oyamel, pine and oak forests, which cover the municipalities of Contepec, Senguio, Angangueo, Ocampo and Zitácuaro in Michoacán, this reserve receives thousands of monarch butterflies from North America every year.

THE FLYERS OF SAN PEDRO TARIMBARO

The ritual of the flyers is a dance that is associated with fertility. In Michoacan, specifically in the region of Tlalpujahua, the flyers of San Pedro Tarimbaro cut the winds with the help of ropes tied to the tip of a wood post.

PIREKUAS

It is a traditional chant of the Purepecha indigenous communities of Michoacan, which can be sung by both men and women. It is found in 165 communities and can be performed with wind instruments, choirs, trios, duets or soloist.

TRADITIONAL CUISINE

The traditional cuisine in Michoacan keeps the gastronomic culture alive through the hands of the cooks who preserve the secrets of their ancestors. Thanks to its ingredients and recipes, Michoacan is considered the origin of Mexico's traditional cuisine.

A NATURAL WONDER

Paricutin - in Purepecha Parhikutini 'place on the other side' - is an active volcano that holds the title of the youngest volcano in the world.

The volcano erupted on February 20, 1943, burying two towns: Paricutin and San Juan Parangaricutiro. The first was totally wiped off the map. Very close to it is now the crater of the volcano. Of the second town only part of the church is visible, buried by lava, like the rest of the town, except for the left tower in front.

EIGHT PUEBLOS MAGICOS - MAGICAL TOWNS

Title that is granted to the localities that have symbolic attributes, legends, transcendent events and above all magic that emanates from their sociocultural manifestations. Patzcuaro, Angangueo, Cuitzeo, Santa Clara del Cobre, Tacámbaro, Jiquilpan, Tzintzuntzan and Tlalpujahua.

MICHOACAN

Is located in the center-west of the Mexican territory. Borders to the north with the states of Guanajuato and Querétaro, to the east with Mexico State, to the south with Guerrero to the southwest with the Pacific Ocean and to the northwest with Colima and Jalisco.
